Overview. Political conflict in our society is inevitable, and its results are often far from negative. How then should we deal with the intractable differences arising from complex modern culture? Developing her groundbreaking political philosophy of agonistics – the search for a radical and plural democracy – Chantal Mouffe examines international relations, strategies for radical politics, the future of Europe and the politics of artistic practices.

She shows that in many circumstances where no alternatives seem possible, agonistics offers a new road map for change. Engaging with cosmopolitanism, post-operaism, and theories of multiple modernities she argues in favor of a multipolar world with a real cultural and political pluralism.

Agonistics - Verso

Against these two possible forms of global hegemony – one actual, one hypothetical – Mouffe proposes a third approach: a “pluralisation of hegemonies” constituted by a multi-polar, agonistic world order (22). That is, a world political order constituted by “a plurality of regional poles, organised according to different economic and political models and without a central authority” (ibid).

‘Agonistics: Thinking the World Politically’ reviewed by ...

Chantal Mouffe discusses agonistics and radical politics. In this lecture, renowned political philosopher Chantal Mouffe continues her exploration of agonistics and discusses different models of radical politics. Engaging with the work of Michael Hardt, Antonio Negri and Paulo Virno and examining the signification of the recent protest movements like Occupy, Mouffe highlights the value of political conflict—from the construction of public spaces where dissenting “points of view are ...
