This can be a common problem among different Bernina machines. It seems to be consistent with the 530, 730, 830 and 930 models and there may be two causes for it taking place. First, one or both white plastic gears are broken and to get these fixed, you do have to go to the Bernina repair service. They will have the correct parts to fix your machine. Even if they are cracked, the hand wheel ...
