Golding’s iconic 1954 novel, now with a new foreword by Lois Lowry, remains one of the greatest books ever written for young adults and an unforgettable classic for readers of any age. This edition includes a new Suggestions for Further Reading by Jennifer Buehler. At the dawn of the next world war, a plane crashes on an uncharted island, stranding a group of schoolboys. At first, with no adult supervision, their freedom is something to celebrate. This far from civilization they can do anything they want. Anything. But as order collapses, as strange howls echo in the night, as terror begins its reign, the hope of adventure seems as far removed from reality as the hope of being rescued.

Convincing his mother that he has gone to Children’s Island, a summer camp, Reine Larsson, a ten-year-old, is determined to get by on his own resources in Stockholm for the summer

Burdened with bundles and baskets, a million or more immigrant children passed through the often grim halls of Ellis Island. Having left behind their homes in Europe and other parts of the world, they made the voyage to America by steamer. Some came with parents or guardians. A few came as stowaways. But however they traveled, they found themselves a part of one of the grandest waves of human migration that the world has ever known. Children of Ellis Island explores this lost world and what it was like for an uprooted youngster at America’s golden door. Highlights include the experience of being a detained child at Ellis Island—the schooling and games, the pastimes and amusements, the friendships, and the uneasiness caused by language barriers.

A strange group of savage children mysteriously appears in New York City and are responsible for a series of brutal murders

From New York Times bestseller and Pulitzer Prize winner Junot Díaz comes a debut picture book about the magic of memory and the infinite power of the imagination. A 2019 Pura Belpré Honor Book for Illustration Every kid in Lola's school was from somewhere else. Hers was a school of faraway places. So when Lola's teacher asks the students to draw a picture of where their families immigrated from, all the kids are excited. Except Lola. She can't remember The Island—she left when she was just a baby. But with the help of her family and friends, and their memories—joyous, fantastical, heartbreaking, and frightening—Lola's imagination takes her on an extraordinary journey back to The Island. As she draws closer to the heart of her family's story, Lola comes to understand the truth of her abuela's words: “Just because you don't remember a place doesn't mean it's not in you.” Gloriously illustrated and lyrically written, Islandborn is a celebration of creativity, diversity, and our imagination's boundless ability to connect us—to our families, to our past and to ourselves.

Peter is still the boy who doesn?t grow up. Wendy is a girl who has to grow up too soon. And Wendy?s autistic brother Michael has a connection to The Island of Lost Children. When Peter leaves his island home, it?s to search for pick-up soccer games, mock sword fights, and the occasional flatulence competition. Wendy spends her evenings looking after her two brothers, bratty JJ as well as Michael, while her parents work nights. In the midst of several unusual events?including the disappearance of her classmate Lily, at odds with her adoptive mother?Wendy doesn?t realize that Peter?s pirate nemesis is keeping an eye on her. Everything changes for Wendy and her family when an odd fairy named Bellatresse helps Peter find the girl whose stories he once listened to outside her bedroom window. With its quirky humor and occasionally touching moments, The Island of Lost Children is about children creating their own stories, worlds, and families, while swashbuckling, navigating mystical rivers, riding child-made roller coasters, and, of course, sailing high through the open skies.

Burdened with bundles and baskets, a million or more immigrant children passed through the often grim halls of Ellis Island. Having left behind their homes in Europe and other parts of the world, they made the voyage to America by steamer. Some came with parents or guardians. A few came as stowaways. Children of Ellis Island explores this lost world and what it was like for an uprooted youngster at America’s golden door. Highlights include the experience of being a detained child at Ellis Island—the schooling and games, the pastimes and amusements, the friendships, and the uneasiness caused by language barriers.

Treasure Island is an adventure novel by Scottish author Robert Louis Stevenson, narrating a tale of "buccaneers and buried gold". Stevenson conceived of the idea of Treasure Island (originally titled, "The Sea Cook: A Story for Boys") from a map of an imaginary, romantic island idly drawn by Stevenson and his stepson on a rainy day in Braemar, Scotland. Plot: An old sailor, calling himself "the captain" comes to lodge at the Admiral Benbow Inn on the west English coast during the mid-1700s, paying the innkeeper's son, Jim Hawkins, a few pennies to keep a lookout for a one-legged "seafaring man." A seaman with intact legs shows up, frightening Billy — who drinks far too much rum — into a stroke, and Billy tells Jim that his former shipmates covet the contents of his sea chest. After a visit from yet another man, Billy has another stroke and dies; Jim and his mother (his father has also died just a few days before) unlock the sea chest, finding some money, a journal, and a map. The local physician, Dr. Livesey, deduces that the map is of an island where a deceased pirate — Captain Flint — buried a vast treasure. The district squire, Trelawney, proposes buying a ship and going after the treasure, taking Livesey as ship's doctor and Jim as cabin boy.... Robert Louis Stevenson (1850 – 1894) was a Scottish novelist, poet, essayist, and travel writer. His most famous works are Treasure Island, Kidnapped, and Strange Case of Dr Jekyll and Mr Hyde. A literary celebrity during his lifetime, Stevenson now ranks among the 26 most translated authors in the world.

Four children learn the joys of independence when they are allowed to spend their summer vacation on a small island.

"Magical in every way." - Eoin Colfer, author of Artemis Fowl
“Fans of Harry Potter or Percy Jackson can add Fionn Boyle as a generous and brave hero from the Emerald Isle.” – School Library Connection
Fionn Boyle comes from a long line of brave seafarers, people with the ocean behind their eyes. But he can't help but fear the open sea. For years, Fionn's mother has told him stories of Arranmore Island, a strange place that seems to haunt her. Fionn has always wondered about this mysterious island, and from the day he arrives he starts noticing things that can't be explained. He can sense the island all around him, and it feels like the island is watching him, too. Once in a generation, Arranmore Island chooses a new Storm Keeper to wield its power and keep its magic safe from enemies. The time has come for his grandfather, a secretive and eccentric old man, to step down. But as Fionn and the other descendants of Arranmore's most powerful families fight to become the island's next champion, a more sinister magic is waking up, intent on rekindling a long-ago war and changing Fionn's life and the island's future forever.
