production. They include the equipment, manuals, documentation and support you need to get into and be successful in the aquaponics business.

Commercial Aquaponic Systems

Page 32/49

File Type PDF Commercial Aquaponics Manual

from Nelson and Pade

Aquaponics is the symbiotic hydroponic system that involves raising fish and produce in an integrated setting. Crops are held in place in a raft bed that suspends the plants in

File Type PDF Commercial Aquaponics Manual

nutrient-rich water. Fish are raised in aquaculture tanks, and their waste is used as fertilizer for the plants. The plants reciprocate by filtering the water for the fish.

Commercial aquaponics is a young sector of agriculture but one with great potential. There are commercial aquaponic farms

File Type PDF Commercial Aquaponics Manual

in the U.S., Canada, Mexico, Australia and a few other countries but, as of now, the total number of commercial enterprises is quite small.
