Some say hip hop is more than music --Rabaka proves it. Others point to hip hop as the latest in the lineage of African American expressive forms --Hip Hop's Amnesia details it. Insisting on placing African American music, from the blues to hip hop, within its broader context, Rabaka deftly illustrates the interplay of music, culture, and politics while paying close attention to the politics of class, gender, and sexuality in inter- and intra-racial relations.

Hip Hop's Amnesia: From Blues and the Black Women's Club ...

Hip Hop's Amnesia is a study about aesthetics and politics, music and social movements, as well as the ways in which African Americans' unique history and culture has consistently led them to create musics that have served as the soundtracks for their socio-political aspirations and frustrations, their socio-political organizations and nationally-networked movements.

?Hip Hop's Amnesia on Apple Books

Where many Hip Hop Studies scholars have made clever allusions to the ways that rap music and hip hop culture are connected to and seem to innovatively evolve earlier forms of black popular music and black popular culture, Hip Hop's Amnesia moves beyond anecdotes and witty allusions and earnestly endeavors a full-fledged critical examination and archive-informed re-evaluation of "hip hop's inheritance" from the major African American musics and movements of the first half of the ...
