Markets and Market Failure provides a comprehensive introduction to this important area.

Everything you need for AQA A-level Economics rewritten and restructured into one book from Ray Powell and James Powell for A-level teaching and learning, revised and up-to-date with new material including case studies, features and practice questions. -Ensures students are fully prepared for all the topics on the AQA A-level Economics specification, now all together in one book -Features up-to-date case studies with more questions to help students engage with and explain the latest economic developments, including the effects of Brexit -Improves students' assessment and qualitative skills with detailed practice style questions, designed to address challenges students have faced in recent A-level exams -Gets students ready for success with new content including regular content summaries, more knowledge check questions and synoptic links -Increase student confidence in understanding and explaining key economic issues with relevant examples and information in context

Our updated approach to revision will help you learn, practise and apply your skills and understanding. Coverage of key content is combined with practical study tips and effective revision strategies to create a guide you can rely on to build both knowledge and confidence. My Revision Notes: AQA A-level Economics: Third Edition will help you: - Plan and manage your revision with our topic-by-topic planner and exam breakdown introduction - Develop your subject knowledge by making links between topics for more in-depth exam answers - Improve subject-specific skills with an exam skills checkbox at the end of each chapter - Avoid common mistakes and enhance your exam answers with examiner tips - Practise and apply your skills and knowledge with exam-style questions and frequent questions with answer guidance online - Understand key terms you will need for the exam with user-friendly definitions and a glossary - Build quick recall with bullet-pointed summaries at the end of each chapter

Build Economics knowledge through active learning with the latest Powell textbook, featuring quantitative skills practice and brand new case studies. This textbook has been fully revised to reflect the 2015 AQA Economics specification, giving you up-to-date material that support your teaching and will enable your students to: - Develop subject knowledge with topic-by-topic support from Ray Powell and James Powell, who are experienced in teaching and examining - Demonstrate awareness of current issues in economics through brand new case studies that also help build analytical and evaluative skills - Explain important concepts and issues effectively; key terms throughout the text and in the microeconomic and macroeconomic glossaries help to establish the language of economics - Build quantitative skills with worked examples - Stretch and challenge their knowledge with extension materials - Prepare for exams with practice questions and activities throughout Contents Part 1: Microeconomics Chapter 1: The economic problem and economic methodology Chapter 2: Price determination in a competitive market Chapter 3: Production, costs and revenue Chapter 4: Competitive and concentrated markets Chapter 5: The market mechanism, market failure and government intervention in markets Part 2: Macroeconomics Chapter 6: The measurement of macroeconomic performance Chapter 7: How the macroeconomy works: the circular flow of income, AD/AS analysis, and related concepts Chapter 8: Economic performance Chapter 9: Macroeconomic policy

Build Economics knowledge through active learning with the latest Powell textbook, featuring quantitative skills practice and brand new case studies. This textbook has been fully revised to reflect the 2015 AQA Economics specification, giving you up-to-date material that supports your teaching and will enable your students to: - Develop subject knowledge with topic-by-topic support from Ray Powell and James Powell, who are experienced in teaching and examining - Demonstrate awareness of current issues in economics through brand new case studies that also help build analytical and evaluative skills - Explain important concepts and issues effectively; key terms throughout the text and in the microeconomic and macroeconomic glossaries help to establish the language of economics - Build quantitative skills with worked examples - Stretch and challenge their knowledge with extension materials - Prepare for exams with practice questions and activities throughout

Exam Board: OCR Level: GCSE Subject: Economics First Teaching: September 2017 First Exam: June 2019 Build students' knowledge of economics and understanding of its impact beyond the classroom with this new textbook, produced by the leading Economics publisher and OCR's publishing partner. - Develop knowledge with clear explanations in every chapter, end-of-chapter summaries and key terms highlighted for on-going revision - Understand economics in context with up-to-date examples of economic challenges on a local, national and global level - Extend your learning and develop critical skills with engaging stretch and challenge tasks - Prepare for exams with plenty of practice questions and activities that improve your critical thinking skills

Exam Board: Edexcel Level: GCSE Subject: Business First Teaching: September 2017 First Exam: June 2019 Endorsed for Edexcel Let Ian Marcouse successfully steer you through the new specification with his proven and popular approach to Business: clear content coverage is enhanced by numerous real-life examples to create a course that engages, motivates and develops every student. - Breaks down the content of the 2017 specification into clear, accessible explanations of important concepts and theories - Helps students apply their knowledge to a range of real business examples, issues and contexts, supported by 'Talking Points' that encourage critical and commercial thinking - Improves quantitative, investigative, analytical and evaluation skills through end-of-chapter exercises - Builds students' confidence approaching their exams as they practise calculation, short answer and extended-writing questions with stimulus materials - Boosts students' vocabulary and supports revision with definitions of key terminology for each topic

Encourage students to take an active role in citizenship with fully updated content that will allow them to understand the key issues and concepts they need to know using clear, detailed explanations of key terms, supported by real-life case studies that will bring the topic to life. This book contains: - Extensive coverage of tricky topics so students can avoid common mistakes - Up-to-date case studies covering all recent developments relevant to the course - Activities and discussion points, review questions and learning points that teach students the research, analytical, interpretative and evaluative skills required - Fully revised exam-style questions throughout the book, as well as assessment guidance and useful advice on writing exam answers - Links to relevant websites to allow further subject enrichment

This AQA approved student book is written for the AQA's GCSE Home Economics: Child Development specification, with real emphasis on developing students' child study skills. Offers support and guidance for Controlled Assessment with a dedicated section to develop the investigative and analytical skills required, as well as providing support for teaching this new element. Includes practice questions, specimen answers and study tips to help prepare students for their exams. Sandy Green is a highly regarded author, trainer and experienced teacher in the field of Child Development.

The one-stop shop for all your Business requirements, this book provides teachers with the complete reassurance that they have everything they need to deliver AQA's new GCSE Economics specification. The best possible exam preparation with printed assessment materials including exam-style questions, specimen answers and study tips. Prepare your students for the examination with exemplars to help develop the skills required. Practical approach, with case studies to contextualise each subject in a highly visual way. 'Learning Objectives' clearly referenced to the AQA specification let students know exactly what they need to learn and understand in each topic.
