The critically acclaimed, award-winning, modern classic Speak is now

a stunning graphic novel. "Speak up for yourself—we want to know what you have to say." From the first moment of her freshman year at Merryweather High, Melinda knows this is a big fat lie, part of the nonsense of high school. She is friendless—an outcast—because she busted an end-of-summer party by calling the cops, so now nobody will talk to her, let alone listen to her. Through her work on an art project, she is finally able to face what really happened that night: She was raped by an upperclassman, a guy who still attends Merryweather and is still a threat to her. With powerful illustrations by Emily Carroll, Laurie Halse Anderson's *Speak: The Graphic Novel* comes alive for new audiences and fans of the classic novel. This title has Common Core connections.

What if you could live again and again, until you got it right? On a cold and snowy night in 1910, Ursula Todd is born to an English banker and his wife. She dies before she can draw her first breath. On that same cold and snowy night, Ursula Todd is born, lets out a lusty wail, and embarks upon a life that will be, to say the least, unusual. For as she grows, she also dies, repeatedly, in a variety of ways, while the young century marches on towards

its second cataclysmic world war. Does Ursula's apparently infinite number of lives give her the power to save the world from its inevitable destiny? And if she can -- will she? Darkly comic, startlingly poignant, and utterly original -- this is Kate Atkinson at her absolute best.

Genghis Khan is one of history's immortals: a leader of genius, driven by an inspiring vision for peaceful world rule. Believing he was divinely protected, Genghis united warring clans to create a nation and then an empire that ran across much of Asia. Under his grandson, Kublai Khan, the vision evolved into a more complex religious ideology, justifying further expansion. Kublai doubled the empire's size until, in the late 13th century, he and the rest of Genghis's

'Golden Family' controlled one fifth of the inhabited world. Along the way, he conquered all China, gave the nation the borders it has today, and then, finally, discovered the limits to growth. Genghis's dream of world rule turned out to be a fantasy. And yet, in terms of the sheer scale of the conquests, never has a vision and the character of one man had such an effect on the world. Charting the evolution of this vision, John Man provides a unique account of the Mongol Empire, from young Genghis to old Kublai, from a rejected teenager to the world's most powerful emperor.

mentor, and, most upsetting, his ability to pray. How can Father Dominic protect or guide his parish when everything he loves falls away? How can he counsel Dolores, a troubled teenager prone to emotional panic and spiritual monomania? Or James, a promising African American pianist, struggling to realize his artistic ambitions by bringing his own voice to a piece that has been played by the world's most brilliant pianists, Bach's Goldberg Variations. Into this malaise comes Andrea, a sophisticated New York editor attracted at first by Dom's blog and then by the man himself. Dom's journey from the cloth into the secular world will offer carnal knowledge, but also something deeper, a more resistant knowledge as life fails to offer happiness or redemption.
