This poem made me tear up.. it's so beautiful! My dad had moved 2,000 miles away from me and never told me he left, until he wanted me to see him every summer and miss my little brother's birthday. (My mother and father divorced long ago.) Now I live with him, because my mother had tried to kill herself.. she's alright now :)

I met my girlfriend at a young age, I was 23 and she was 19. For two year we dated and had the typical young person relationship filled with drama. At about a year and four months in the relationship I got the call that no one ever expects. She was pregnant, I'm not going to get into any details for her sake because while she looks at me and tells me she doesn't want me, I still care for her.

Poems about Dad. Our fathers carry half of our genetic makeup. Our relationship with our father plays a huge part of who we will become. In many segments of society, people grow up without ever knowing their fathers. This is unfortunate because fathers should play as important a role in raising their children as mothers.

Im the youngest girl and miss my dad inextricably. This is a beautiful poem about a woman very simply missing her father.

Legacy poems This book represents a legacy in poems - moral, ethical and practical education in verses. In Robin Wyatt Dunn's words: Osuoha's language reads like a stilted nursery rhyme, doubly insisting both on the rights of the white settler to determine the destiny of her community (the book is dedicated to God and is scattered throughout with various Christian homilies), yet its deeper intention is profoundly anti-colonial, and a sharp critic of the state: Osuoha observes: The world violates covenants And desecrates every altar Yet they all are communicants And none is a defaulter Here, everything is fake And anyhow, they fail brake Drop not your guard. These poems are a mix of compassion and angst, a homely mother reciting her rhymes who is concealing her deep mistrust and rage at the history which has raped her language and culture, insisted on its rights to do so, and continues to oppress her country and environment. But, as she observes, it is not ultimately the white settler who is to blame, but the world: we are all implicated in this suffering and desecration. Each poem in beautiful rhyme representing a letter addressed to her unborn child and safely placed in a file from a caring and protective mother is a skillfully crafted piece of work by the Nigerian poet Ngozi Olivia Osuoha. The poems act as codes of conduct for childhood, adolescence and adulthood and can be collectively taken as a guide for facing the ups and downs of life. Original, captivating, heart touching and soul stirring Letter to My Unborn will certainly leave imprints of permanent ink in the readers' mind long after it has been read. This is truly a poetry collection of all-time, a shining star on each book lover's shelf. - Vatsala Radhakeesoon author of Depth of the River

This is my story don't nobody act berserk. I gotta face the hurt, express my inner pains, and open up and share the dirt. Through the ups and downs. I finally know that my lifes not cursed and it's them bad days that makes me know what my life is worth. I was at my lowest point and realized I had to overcome and convert and now I'm standing tall flexing with my shame on shirts. I'm telling my story because I finally see the light of day and I'm thanking God for answering every single prayer, I prayed and the ones I didn't when I gave up and lost my way. I hope my story can help elevate someone to a better place and reminds them that no matter how hard you fall or how hard life gets just get up everything gone be OK. To be continued.....

These essays offer insights into a violently interesting poet, one who despite, or perhaps because of, her suicide at age thirty continues to fascinate and trouble us.

SUPERANNO Lavishly designed especially for an expecting father, this unique gift book features a child waiting to be born and dreaming of the wonderful things to do with Daddy. Dad will feel a part of a great beginning before the baby is born. The book can be personalized by filling in baby's special invitation to meet Dad.

From a 2021 Whiting Award and Guggenheim Fellow recipient, a "rhapsodic, rigorous poetry collection, which pays homage to everyday Black experience in the U.S." (The New Yorker) Gregory Pardlo described Joshua Bennett's first collection of poetry, *The Sobbing School*, as an "arresting debut" that was "abounding in tenderness and rich with character," with a "virtuosic kind of code switching." Bennett's new collection, *Owed*, is a book with celebration at its center. Its primary concern is how we might mend the relationship between ourselves and the people, spaces, and objects we have been taught to think of as insignificant, as fundamentally unworthy of study, reflection, attention, or care. Spanning the spectrum of genre and form--from elegy and ode to origin myth--these poems elaborate an aesthetics of repair. What's more, they ask that we turn to the songs and sites of the historically denigrated so that we might uncover a new way of being in the world together, one wherein we can truthfully reckon with the brutality of the past and thus imagine the possibilities of our shared, unpredictable present, anew.

In "The Twenty-Ninth Poem: Vol. 2," author Daddy Dave dedicates a variety of poems, stories, and observations to his daughter in honor of her twenty-ninth birthday. As with his first volume, which was dedicated to his son, this collection offers additional unique observations about life. Written in free-verse, non-rhyming style, many of the entries reflect the mystic union between father and daughter: "and then a moment later I blew a little harder and a little harder until finally I exhaled through my nose hard enough onto that little finger of yours that I made a slight honking sound, and you giggled. That was the seed of the magic, and within seconds the concept clicked with you, and you ran down the hallway showing off your newly acquired talent to your mother." ?from ?How to Blow Your Nose? No two children are exactly alike, and so this second volume differs from the first in that it includes some short stories, many written by the author's daughter when she was in the fourth grade and included here with minor modifications. Children and families are precious, and Daddy Dave encourages every parent to write down their own versions of unique stories so that they can be remembered, considered, and passed down to future generations.

Among the poets new to this edition are such leading names as Americans Robert Pinsky, Louise Erdrich and Louise Glück; Britons James Fenton and Carol Ann Duffy; and Canadians Anne Carson, Robert Bringham, and Christian Bök. A number of names who may be new to many readers of poetry are also included among them: Ohioan Debra Allbery, Vancouverite Elise Partridge, and the Cree poet Connie Fife; as with the first edition, the editors have endeavored to include much that is fresh as well as much that is familiar. There are many additions to the selections from poets who appeared in the first edition including selections from the recent work of Leonard Cohen, Les Murray, and Margaret Atwood. As before, the anthology includes work from English-language poets throughout the world from India, Africa, and the Caribbean as well as from Britain, North America, and Australia. Although the selections from the work of poets of earlier eras are largely unchanged from the first edition, there have been some changes; among poems added for this edition are Milton's *L'Allegro* and *Il Penseroso*, Bradstreet's "Employment," Dickinson's "I cannot live without You," Frost's "Once by the Pacific," and Auden's "Funeral Blues." As before, the text emphasizes work of the past century; poems from 1900 or later take up more than half of the anthology's pages. In its first edition *The Broadview Anthology of Poetry* included biographical information about the poets at the back of the anthology; for the new edition, biographical material appears in a headnote to each poet. Two other features are also new to this edition: the date of first publication is appended after each poem, and line numbering is used throughout. The numbers have been kept unobtrusive, however; as with the first edition, the designers have endeavored to give a clean look to the pages of the anthology. A substantial section on prosody, figures of speech, and so on is included as an appendix.

Sylvia Plath is one of the best-known and most widely-studied writers of the twentieth century. Since her death in 1963, critics have presented different images of Plath: the 'suicidal' poet, the frustrated wife and mother, the feminist precursor. In this lively and approachable introduction to the author's poetry, Susan Bassnett offers a balanced view of Plath as one of the finest contemporary poets, and shows the diversity of her work. Bassnett's refreshing perspective on the writer provides a welcome alternative to the many studies which attempt endlessly to psychoanalyse Plath posthumously. Bassnett argues that there can never be any definitive version of the Plath story, but, from close readings of her texts, readers can discover the excitement of her diverse work. Plath is not viewed as an author driven by a death wish, nor does the book focus on her suicide - instead, she is considered in the cultural context in which she wrote, and viewed as a complex writer. Now thoroughly revised and expanded in the light of recent research, the second edition of this essential text contains new chapters and more close reading of the poetry. It concludes with an analysis of Ted Hughes' *Birthday Letters*, a collection of poems which he wrote about his wife after her death.

Gathers poems about the father-daughter relationship by T.S. Eliot, Langston Hughes, Stanley Kunitz, Sylvia Plath, Anne Sexton, Ntozake Shange, and Mark Strand

Out of the Cradle Endlessly Rocking delves deeply into the notion of motherhood in Sylvia Plath's work in order to redeem Plath from the one-dimensional role assigned to her of the suicidal, father-obsessed poet. Written from the theoretical perspective of Julia Kristeva's theory of subject formation, the book focuses on Plath's baby poems in which mother figures are seen as subjects-in-process oscillating between authentication and non-authentication in motherhood. Furthermore, since the mother is always a daughter, part of the discussion centers on Plath's daughterhood poetry in which daughter figures are engaged in an endless struggle to release themselves from a suffocating maternal hold and achieve their own linguistic individuation. Finally Plath's works for children, *The Bed Book*, *The-It-Doesn't-Matter Suit*, "Mrs. Cherry's Kitchen", as well as her fairy tale poems, largely ignored until now, are read as manifestations of the self's regressive journey to "once below a time" to grasp an elusive pre-symbolic organization and take signification back to infancy. The book makes extensive use of Plath's drafts, mainly of the *Ariel* poems, her recycled materials, annotated books from her personal
