Managerial Process W

Successful project managers are defined now not only by their skill in dealing with issues of planning, scheduling, and budgeting, but also by their ability to manage people. Clifford Gray and Erik Larson, both of Oregon State University, are aware of this evolution and have used the Third Edition of Project Management: The Managerial Process to address these shifts. This highly-qualified author team provides readers with a complete picture of project management. Technical issues are addressed thoroughly, but unlike similar books on this subject, Project Management: The Managerial Process presents them in context, demonstrating how project management

Access Free Project Management The

techniques can be applied in a wide variety of businesses, while emphasizing the importance of accounting for the human element in the successful management of all types of projects. Case studies and "Snapshot from Practice" boxes are among the ways readers learn throughout this text. A pedagogically rich CD-ROM, and a second CD-ROM containing a trial version of Microsoft Project, are also available with all new copies of this text. Once again, the authors have succeeded in providing readers with a complete picture of project management: not only "what to do" and "how to do it," but also why it is done. Book jacket.
