wholeness. The whole self is sacred and required in order to lead well in the complex world of today and tomorrow. Divided into 3 parts, the book begins with the metaphor of the forest for the world, with both its demanding challenges and its magnificent possibilities. Part 2 uses the metaphor of walking on a path to suggest eight subjective human powers that are essential to leading in business today and tomorrow. Finally, part 3 describes an ancient basis for the powers and shows how they can serve to bring balance to each other that results in human wholeness.

systems to positively drive financial growth and manage operational and outside risk factors. By addressing the challenges of adopting ERM in large organizations with different functioning silos and well-established processes, this guide provides expert insight into fitting the new framework into cultures resistant to change. Enterprise risk management covers accidental losses as well as financial, strategic, operational, and other risks. Recent economic and financial market volatility has fueled a heightened interest in ERM, and regulators and investors have begun to scrutinize
