Academic writing has become an issue that causes worry and confusion for students. A small scale survey shows that students' problems in writing are as follows: limited vocabulary 8%, difficulty in organizing ideas 16%, no ideas to write about 20%, no motivation to write 20%, and lack of confidence in grammar 36%. English for Academic Purposes: Essay Writing is a very practical book, giving solutions to these problems. This book on academic writing is suitably used by students majoring in English, English course students, non-English students who want to write essays in English, those who want to take postgraduate courses abroad, and English language teachers. This book covers very valuable topics, such as basic principles in academic writing, meaningful reading for writing, writing an introduction, writing citations, data gathering, commenting on data, writing references, and revising and editing. English for Academic Purposes: Essay Writing is designed by experienced English lecturers in writing. In addition, these materials have been tried out in classes at Maranatha Christian University and STP Bandung. This second edition is updated according to precise terminology and the conventions of the current MLA and APA styles of writing.

The book will help students master the standard organizational patterns for paragraphs and essays. The text's approach integrates the study of rhetorical patterns and the writing process with extensive practice in grammar, mechanics, and sentence structure.

Academic Writing with Corpora offers a step-by-step accessible guide to using concordancers and aims to help introduce data-driven learning into the academic English classroom. Addressing the challenges faced by EAP teachers when explaining to their students how to write 'naturally', this book provides a solution to the problem by placing an emphasis on learning from expert and proficient writing. In doing so, it: takes a highly practical approach; uses Lextutor, an easy-to-use, open access concordancer, whilst introducing students to tools, such as SKELL, MICUSP and BNC-English Corpora; fosters autonomous learning by demonstrating how to solve everyday difficulties in word choice and grammar; helps teachers to use corpora in teaching proficient writing and helps students to improve their academic writing by learning from the best examples in their field; guides students towards better awareness of the communicative side of academic writing. This book forms essential reading for all students on academic writing and EAP courses or who wish to improve their writing.

Academic Writing for International Students of Science will help international students to develop their command of academic scientific writing in English. It guides students through the writing process itself, and will help them to produce clear, well-written and well-organised essays and reports. The book covers a range of issues such as how to explain complex ideas clearly and concisely, how to develop a coherent argument, and how to avoid plagiarism by making effective reference to sources. Through detailed analysis of authentic scientific texts, the book will enhance students' understanding of the nature of academic scientific writing. This will enable them to understand how language and discourse function in a real scientific context. The texts serve as models of good writing and are followed by practice activities which will help students to develop their own writing skills. Key topics include: the writing process; academic scientific style; sentence structure; paragraph development; referring to sources; coherence, argument and critical thinking; academic and scientific conventions. This book will be an invaluable companion to those studying for a science or technology degree in an English-speaking institution. Informative study boxes, model answers and a clear, comprehensive answer key mean that the book can be used for self-study or with guidance in the classroom.
